Meet your Course Director

~ Peter Payne ~

CD – 103593

- Peter started diving in 1985 and moved into the Scuba Instructor ranks in 1990.
- He has managed three PADI 5 star IDC centres in Newcastle, Cairns & Airlie Beach. He also worked for PADI Australia as the National Field Services Representative.
- In 1995 Peter became a PADI Course Director and set up his own training company offering Instructor courses around Australia. Since then he has become, without exception, Australia's most active and successful Instructor trainer.
 - He has achieved the Instructor trainer rating with four different agencies: PADI, DAN, TDI & ANDI.
 - In June 2003 Peter conducted his one hundredth (100th) PADI Instructor Development Course program.
 - He has certified over 1,100 Instructor's. (over 700 PADI Instructors and 400 DAN / TDI / ANDI Instructors)
 - His Instructor Development Course programs have been recognized for their excellence with PADI awarding Peter the prestigious " Outstanding Contribution to Instructor Training " award on two separate occasions.
 - He has been honored by the Divers Alert Network, South East Asia & Pacific region by gaining the " Instructor Trainer of the Year " award in 2001 and 2004.
 - Peter has also been recognized for his technical instructor training by being awarded the TDI outstanding contribution to Instructor training award for 2001.

What this all means to you is a motivated, vastly experienced, informative and quality approach to Instructor training.

Swim wear & Towel.
- (c) **Resuscitation Pocket mask**

COURSE CONTENT

- 1 Academic Modules:**
There will be 21 Academic modules presented to you by your Course Director throughout the program. These topics are listed on the program schedule.
- 2 Orientation to Academic Teaching:**
You will participate in a workshop designed to accustom you to preparing and giving Academic presentations. The workshop will demonstrate two different methods of presenting – Micro Teaching & Prescriptive Teaching. During the program you will deliver at least 2 presentations using each style, you will be evaluated on each and suggestions will be given for improvement.
- 3 Orientation to Confined Water Teaching:**
In this section you will be shown how to prepare a confined water presentation. This will involve a briefing, demonstration, problem solving, controlling the group & a de-brief. You will be given a demonstration of how to conduct a confined water presentation by one of the staff. You will give at least 4 confined water presentations during the program, during your presentations you will be in charge of a number of 'students' (other IDC candidates) who will mimic problems that real students do.
- 4 Orientation to Open Water Teaching:**
This section is conducted the same as 'confined water' with the only difference being that you do not give a demonstration in Open Water. Similarly you will give at least 2 open water presentations (consisting of 2 skills in each presentation) during the program.
- 5 Water Skills:**
During the program you will go over the 18 skills from the Divemaster skill circuit to ensure you are comfortable with your demonstrations. Your rescue skills will also be practiced in the Rescue workshop.
- 6 General:**
The program orientation conducted at the start of the program will outline all activities and requirements. Each candidate will be individually counseled at the end of the program as to how they have performed in regard to attending an Instructor Examination.
